THE BANKS ARE HOPEFUL.

Been Feeling the Pulse of the South and West.

NORTHWEST LESS FAVORABLE.

But Shows Solid Improvement in Most Lines and Among Most all Industries.

By Wire to THE TELEGRAM.

New York, Nov. 16.—The Park National bank and other banks have been feeling the business pulse around the country with reference to the condition of trade in remote sections.

The reports are all satisfactory and from the west the reports are especially good. There is evidence that trade is being revived and people generally are said to be more hopeful and much better satisfied.

The banks are hopeful of good times in the south and southwest.

The conditions are not quite so favorable, but a hopeful feeling exists in the northwest. The reports show a solid improvement in most lines and in most industries.

Messrs. J. P. Gibbons and L. W. Crawford, Jr., spent last Friday in Raleigh completing the arrangements for the Trinity-Wake Forest debate, which takes place in that city on Thanksgiving evening.

The Tennis Tournament begins today. Many of the boys have entered and the contest will be an interesting one.

Prof. Mims lectured at Guilford College last Friday evening.

Mr. Eugene Gray, of Winston, entered Trinity today.

Dr. Kilgo left last Saturday for the Western North Carolina Conference which convenes in Asheville this week.

Romantic Marriage.

A special from Scotland Neck to the News and Observer last night says: There was a marriage in town last night that was somewhat romantic. Mr. W. A. Dortch, a young farmer from Warren county, has been running a tobacco farm near town for Mr. W. T. Joyner, and while attending to the interests of the farm he fell in love with Miss Fannie, the young and pretty daughter of farmer Joyner. There was some displeasure at the match on the part of some members of Miss Fannie's family, and last night about 7 o'clock the couple presented themselves at Rev. R. T. Vann's and asked his services in uniting them in the bonds of matrimony. He complied with the request and the happy pair drove through the country twenty miles to Enfield, where they took the train for the groom's old home.

Off for Conference.

The secretary of the Western North Carolina Christian Conference, Rev. P. T. Way, of Durham, was in the city today and goes to Ramseur tonight where the conference meets this week. Mr. Way is an old newspaper man, having been engaged in that business at Jonesboro, and later at Liberty, where his office was destroyed by fire about two years ago.

On the Gridiron.

As we go to press the home team and that of Oak Ridge Institute are contesting hotly on the latter's grounds for a chance of sending the pigskin twirling between the goal posts of their opponents. We entertain little fear as to the result, for side of Wright is sure to conquer, and Daniel conquered even the King's lion's.

KILLED AT CHARLOTTE.

Dennis Cannon Struck by Outgoing Freight Train.

From today's Charlotte Observer we get the following account of the killing of Dennis Cannon there this morning:

At 12 o'clock this morning a man named Dennis Cannon was struck and killed by the northbound freight train on the Southern railway. The accident occurred at the iron bridge over the extension of North Tryon street, on the Concord road, near the Air-Line junction.

Cannon had tarried at the junction station and had talked with the operator there. He was drunk and in conversation with the operator had told his name. Shortly after midnight he left, going in the direction of the city. At 2 o'clock the freight train reached the junction. Engineer Black reported that he had knocked a man from the track near the bridge. The man, he said, was lying prone between the rails. The engineer did not see him in time to prevent striking him. The junction operator went down the track and found the dead body lying by the rails. The man's head was mashed into a jelly.

Operator Dodge, at the Southern passenger station, notified the police by telephone of the occurrence and of the location of the dead body. He was informed that it was not in the jurisdiction of the police to look after the body and they would not go after it. So at last accounts the body lay by the track in the spot where he was lodged by the train.

The incident brings to light the fact that there is a disogreement between the city and railroad authorities about cases of this kind.

Asked about it this morning, Seargeant Baker said the railroad would have to look after the body.

It is not known where Cannon hails from. All that is known of him is obtained from his talk with the junction agent.

THE WAY TO WIN.

State Senator A. M. Scales Has His Uncle's Political Sagacity.

Mr. Alf. M. Scales, state senator from Guilford, who is one of the wisest and purest of the young democratic leaders of the state, was in Raleigh yesterday.

He says the political situation in Guilford county is all that could be desired, and that whereas the vote in 1896 was very close, there is no division of opinion that at the next election the democrats will carry it by something like from 400 to 600 majority.

"We can carry the state," he said, "if we are wise. There is a feeling on the part of honest populists and some republicans to vote the democratic ticket. They ought to be encouraged. We ought to make it easy for populists to come back to the party. It will be wise to put new men, who are not and have not been connected with any factions in the party, to the front, and everywhere to select candidates who have not been engaged in ranco of partisan strife, men of integrity and men who command the confidence of the people."

And then Mr. scales spoke a parable. He was not talking for publication, but his ideas are so wise that we think they ought to be read by the 25,000 democrats who daily read the News and Observer.

Senator Scales has given us the way to victory. Candidates whose records, however good, would bring about any other issue than "the White Man and the White Metal" ought to stand aside next year. This would require that some of the best men in the state put aside fond ambitions. Their love for their party ought to make them willing to this.—News and Observer.

Be Careful.

A man, white or black, cannot be too careful about entering another man's yard after eleven o'clock at night, whether he is calling on his best girl or on other business. Its a dangerous thing to do. We know of two instances that happened on last Sunday night where parties were found trespassing in the wee small hours of the night, and on being questioned gave as an excuse that they were calling on a friend.

There is a proper time for everything, and we do not make an exception of calling. So be careful how you prowl around.

Concords of Sweet Music.

Last night the monotonous rustle of the wind-tossed leaves was broken by the sweet songs of a serenade party. Fortunate indeed were the favored few under whose windows the merry party sang.

OFFICIAL REPORT RECEIVED.

Of The Correspondence in Regard To Bi-metalist Proposals.

COUNT ESTERHAZY IS ACCUSED.

Potatoes for the Cubans--German Historian Dead--Hanna Gone To New York.

By Wire to THE TELEGRAM.

Washington, Nov. 16—Official report of the correspondence in regard to bi-metalist proposals of the United States Monetary commission to the government of England together with a report of the proceedings of the conference with the British Premier's secretary of State, India's First Lord Treasury Chancellor Exchequer, with the French Ambassador and our commissioners has reached this country and confirms the cabled reports previously sent.

The negotiations fell through, notwithstanding the expressed willingness of the French government to open the mints, owing to England's rejecting the proposition. England deferred action in India where strong argument was presented against its adoption.

Count Esterhazy Accused.

By Cable to THE TELEGRAM.

Paris, Nov. 16—Mathieu Dreyfus, a brother of Captain Dreyfus, who is serving a sentence of imprisonment for having betrayed the government, addressed a letter to General Billott, Minister of War, accusing Count Walsing Esterhazy of the crime for which Captain Dreyfus was convicted. Count Esterhazy is the retired commandant of the French army and is now living in Italy.

The Cubans to be Fed.

By Wire to THE TELEGRAM.

Saratoga, Nov. 16—The first intallment, amounting to 500 car loads of potatoes, shipped from Canada to Cuba, passed through this city today.

German Historian Dead.

By Cable to THE TELEGRAM.

Berlin, Nov. 16.—Wilhelm Heinrich von Richl, the eminent German historian, died here this morning at the age of seventy-five.

Of Course Not.

By Wire to THE TELEGRAM.

Cleveland, Nov. 16—Senator Marcus A. Hanna went to New York today. He said that politics had nothing to do with the trip.

ENVELOPED IN CLOUDS.

Philadelphia Express Collided With Accommodation Train.

By Wire to THE TELEGRAM.

New York, Nov. 16.—A dense fog enveloped the city this morning, interfering seriously with traffic all over the city.

The Royal Blue Line Philadelphia Express, leaving the city in the uncertain light, collided with an accommodation train at Singer, N. Y., leaving the latter almost a total wreck.

Fortunately, the accommodation train had just discharged its passengers, else possibly fatal loss would have attended the collision. As it was, no one was seriously injured.

The fog is attributed to heavy storms in the west.

Steamers Delayed.

By Wire to THE TELEGRAM.

New York, Nov. 16.—Owing to severe gales, news of which have been brought in by La Gascongne and other vessels, there has been much delay in shipping making port.

Quite a number of freight steamers are overdue and there is some anxiety felt, as steamers of this class are always uncertain in rough weather.

More Improvements.

The street grading and curbing on North Davie under the supervision of Sam Browne is progressing in good shape. That street, between Church and East Market, is being greatly improved and beautified. Greensboro citizens are brought in contact daily with additional causes to be proud of their town.

ANACONDA GETS LOOSE.

Breaks Several Ribs, Crushes Trick Pony to Death.

Philadelphia, Nov. 15.—A huge anaconda, on exhibition in a museum here, severely injured Samuel Masher, the museum watchman, and crushed a trick pony to death.

The pony was tied to a feed box beside the anaconda's cage. Masher saw that the reptile had worked one of the boards of cage loose and had stretched its tail out a distance. He pushed the board, believing the anaconda would pull within the cage again, but it wriggled out and wrapped itself several times about Masher.

The watchman called for help, and the pony, frightened by the big reptile, began jumping about. This, in all probability, saved Masher's life, for the reptile unwound itself from him and completely encircled the pony.

Masher fell to the floor unconscious, while the big snake continued to crush the pony until life was extinct.

When a number of employes reached the scene the snake had begun to unwind itself and appeared to be getting ready for more fight.

The men kept aloft until a lasso had been obtained and the anaconda was made secure.

Several of Masher's ribs were broken and he was removed to a hospital.

BUILDING COLLAPSED.

And Hissing Flames Shut in Thirty Employes Who Were Resucued

By Wire to THE TELEGRAM.

Jersey City, Nov. 16.—The main building of the C. A. Wolsey Paint Works, corner of Grand and Pacific streets, collapsed at 9 o'clock this morning, setting fire to the building and shutting in about thirty employes, eight of whom are girls.

The building was soon a mass of flames. Most of the occupants were bruised and injured but all were rescued by the bravery of the firemen, who dragged them from the burning debris just in the nick of time.

SUICIDE OR MURDER?

A Watery Grave Was the Sad Result.

By Wire to THE TELEGRAM.

Hartford, Conn., Nov. 16—The body of a drowned woman was found yesterday in Garden street reservoir.

Whether it is a case of suicide or murder has not yet been ascertained. Parties today identified the body as that of Miss Alice T. Patton, a wealthy woman on Capitol avenue this city.

It is known that Miss Patten started to New York Saturday but why she failed to reach her destination remains as yet a mystery.

Frozen Beef in Edinburg.

By Wire to THE TELEGRAM.

Washington, Nov. 16.—Consul MacBride, at Ediburgh says, in the report of the state department it is claimed that in that city American frozen beef has great sale, but it is done clandestinely.

Large quantities of imported home made choice bought at seven cents per pound and sold as home fed, at twenty-two cents per pound.

A Desparado Killed.

Macon Ga., Nov. 15—A special to the Telegraph from Gibson, Ga., says that the Dead body of Joseph Ruff, colored, was found in the road six miles below here this morning. Ruff was a desperado and being well armed held up negroes and took money and provisions at will. It is thought his victims organized and shot him.

Errata.

We made a slight error yesterday in the price of admission to the Kronberg concert tonight. The 25-cent rate applies to children and not to seats in the gallery, which come at the general admission rate. 50 cents.

Senor Romero Robledo, the Spanish conservative leader, states in an interview that he expects Cuban autonomy to fall and fears grave consequences from its failure.

Alexander Coudot, a half-breed, and Paul Holytrack and Philip Ireland, full-blooden Indians, were lynched at Williamsport, N. D., for the murder of six members of the Spicer family.

COLD TIME IN THE MORNING.

Is Predicted By The Weather Bureau at Washington.

YELLOW JACK'S TIME NOW UP.

Other News and Notes Fresh From The Wires and Served to Telegram Readers.

By Wire to THE TELEGRAM

Washington, Nov. 16—The weather bureau issued a special bulletin today saying that the most decided cold wave of the season is indicated for Wednesday morning throughout the yellow fever districts of the south.

There will probably be freezing weather in the northern and central portion of the Gulf states, while heavy frosts will prevail throughout all southern states.

IT WASN'T KREBS'S BABY.

His Wife Had Bought It for $7.50—Her Subsequent Troubles.

St. Louis, Nov. 15.—Mrs. Ruth Krebs, a young actress, stood in the doorway of her home yesterday, revolver in hand, and kept at bay three furniture movers who had been employed by her husband to move their household effects. In one arm she clasped a baby which she had bought and paid for in order to retain her husband's affections. An hour later, she says, she was assaulted by her mother-in-law, and now she is in bed in consequence of this series of unhappy circumstances.

Mrs. Krebs has been married twice. Her first marriage resulted disastrously, and afterward she turned to George P. Krebs. She married him in Chicago eighteen months ago. They came here, and after a while Krebs told his wife he was disappointed because they had no child.

Mrs. Krebs bought a baby for $7.50 and presented it to her husband as their own. It was then six weeks old, but Krebs was unsuspectingly happy. He finally learned of the deception, and then lit out.

RESTORING INDEPENDENCE HALL.

Tearing Down the Latter Day Additions.

Philadelphia, Nov. 15—At 7 o'clock this morning workmen began tearing down the many additions to Independence Hall that have been built from time to time, and which marred the simplicity of the historic structure. The entire block from 5th to 6th street and facing on Chestnut street, has been shut in by a board fence ten feet high, so that the relic hunters and sightseers can be kept at a safe distance. Not a brick nor a board of the old building will be allowed to be carried away. The building occupied by the University Law School, at 6th and Chestnut streets, will be torn down, as will also several small structures which were added to the main hall when the building was occupied by the city officials. It is the intention to restore the old building to as near original design as possible.

No McKinleyism for Kentucky.

Here in Kentucky the returns leave no room for doubt. The voters will not have Republicanism at any price. They will not have fusion at any price. They will not have a third party or take a middle course at any price. They elect to follow all the excesses of the Chicago platform and to stand by Mr. Bryan, of Nebraska, and a repetiton in 1900 of the ill-starred campaign of 1896. Having brushed aside all obstructions and implied the situation, they range themselves by a great majority upon the side of the extremist of the extreists.—Louisville Courier-journal.

One Negro Shoots Another.

A special from Wilson to this morning's News and Observer says:

The tobacco business here has brought in our midst a very undesirable lot of negroes and they are continually in trouble. On Saturday night a negro by the name of Roscoe Barnes was shot in the neck by another negro named Jordan Taylor. A preliminary hearing was held before the Mayor this morning and was held to answer for the crime. He was denied bond until it is determined whether or not the wound will prove fatal. The ball has not yet been located.

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be $194,822.00, and to the policy-holders in Greensboro alone, $26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. What better investment can the public make than by upholding an institution like this?

OUR FOREIGN POLICY.

Mr. Hannis Taylor, ex-minister to Spain has made by his recent utterances quite a reputation as a plain speaker. The following paragraph which has been accredited to him he refuses to father but it gives so nearly the exact facts in the case that we print it:

"At one of the most critical periods in our history we are absolutely without a State Department. At the head of our diplomatic affairs is a pitiable old man, so incapable,so recognizedly incapable, that even the most important of diplomatic matters are not so much as referred to him. The chief assistant to the Secretary of State, the man upon whose shoulders rest all the weighty problems of our relations with other nations, is a man who knows of our diplomatic history—a man whose excutive ability would be overtaxed in the conduct of a cross roads country store; a man who cannot even write good English."

This is scarcely flattering to our pride but a review of our relations with foreign countries since Mr. McKinley's inauguration will show how closely it hews to the line. Mr. Taylor says he did not say it but he has said a great many worse things.

The fact that we have not become embroiled with other countries is due much more to our continued good luck than to our clever diplomacy. It is a humiliating confession to make but it is a fact that foreign countries have come to make allowances for us, to discontent American declarations pretty heavily, to take them with a large pinch of salt. Not that Americans are regarded as cowards abroad but that they are regarded as blusterers who talk too much. The present administration has done more than any other to acquire for us the name of blow-hards. Our officials at home and abroad have been talking too much out of their mouths,

LOCALISMS IN SPEECH.

The Baltimore Sun, in speaking of the complacency with which each particular locality regards its mannerisms says, among other things:

"No merriment is indiscreet or indicative of half-knowledge, commonly, as that which is inspired by a complacent sense of superiority over others in the matter of pronunciation. Too often the man who loudly criticises others does it in language which subjects him to the amused, if silent, contempt of better instructed listeners. Each section of the United States has its peculiarities of utterance as respects both manner and matter. All depart more or less from the correct standard of speech, if the usage of educated Londoners be taken as a standard. As regards manner of utterance, the nasal twang of the citizens from down east is distinctly more repulsive to the average Englishman or American than the alleged drawl of the North Carolinian or the loud tone of the westerner. Nasal comments on the less offensive mannerism of speech of the southerner or westerner serve only to raise a laugh at the critic's expense."

The Sun is of the opinion that the southern manner of speech is more nearly correct as judged by the English standard than the northern manner. It is also true that as a rule the educated American speaks the language more accurately than the educated Englishman. At the same time all the language of Webster and the keen logic of Folke could not convince the down-east Yankee that his nasal twang is the only standard nor persuade the "Henglish" Cockney, that he is not the sole fount of English peere and undefiled.

The man who got into the coils of the anaconda in the Philadelphia dime museum will probably have a very finite idea hereafter of what is meant by being "in a tight place."

Martin Thorne has been identified as an ex-convict. It is becoming a matter of speculation as to just how many sins he still has a abroad on a search for him.

CARDS PLAYED BADLY.

London Criticism on the American Statesman.

London, Nov. 15—The afternoon newspapers devote editorial articles today to visit of Sir Wilfrid Laurier, premier of Canada, to Washington. They are generally in the same tenor as those of the Pall Mall Gazette, namely, that the expectation that the visit will make the relations between the United States and Canada closer is a dream.

The Globe declares: "The statesmen at Washington have played their cards badly, and they know it. Canada has learned the lesson of patriotic independence and self reliance, and the magnificent discoveries of gold, which promise her in the near future an enormous increase of population have confirmed her in the just confidence that with the mother country at her back she needs no American assistance in the work of carying out for herself an honorable and prosperous career."

Washington Monuments Everywhere.

Washington, Nov. 14—A party of Southern gentlemen came to town a few days ago to spend a week sightseeing. As they turned into Pennsylvania avenue they found themselves next to a saloon.

"Let's take a drink," said one of the party.

"We have just had one," said another.

"It would be a good idea to settle on how often we shall take a drink during our week's stay", said the third.

"Well", said the first, who just then caught sight of the ever-visible Washington Monument, "let's take a drink every time we see the monument."

"I'm agreed," said No. 2, "providing we don't take one any oftener."

"It suits me," said No, 3, "providing we do take one every time we see it."

They were faithful to their plight. But they didn't stay a week. Instead, they took the 4 o'clock train that afternoon for New York, one of them remarking to the conductor as they boarded it:

"Mosh shingler town. Everybody gone daft on Geor Washton. Put up monument to him every street corner. Georgie mush been—hic—bully boy."

Are You Subject to Attacks of

COLIC?

If So, There is No Need to Suffer.

Mrs. Joe Person's Remedy

WILL CURE YOU

For several years I had been subject to severe attacks of cramp colic. Sometimes they would last me an hour and hardly a week passed that I did not have several attacks. I tried everything that was suggested, but found no relief. During these attacks the muscles of the arm and leg were terribly drawn and the whole body was cramped. I was advised to try Mrs. Joe Person's Remedy, which gave me relief at once, but not until I had taken two dozen bottles was I entirely cured. It was eight years ago since I took the remedy, and I have not had a touch of the trouble since.

HARRIS' LITHIA WATER

OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis show that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris Lithia Water was made by the noted R. Ogden Dosemus, M. D., LL. D., Professor of Chemistry and Physics, College City, of New York. If the Harris Lithia Water is not Superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

Columbia, S. C., Oct. 8, 1892. A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases. Very respectfully yours,

THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris Lithia Water:

New Orleans, La., Aug. 13, 1894.

Harris Lithia Water Co., Harris Springs, S. C.:

Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia.

Respectfully, JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.:

Dear Sir—I have used the Harris Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris Lithia Water. Respectfully.

Savannah, Ga. R. B. HARRIS, M. D.

"The Harris Lithia Water is, in my opinion, unexcelled for those ailments requiring the salts it contains. THEO, LAMB, M. D.

Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters. Very truly yours,

JOHN HEY WILLIAMS, M. D.

Atlanta, Ga., April 20, 1897.

I have used for sometime Harris Lithia Water in my family, and also with my patients, and find it is the best Water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic Water.

G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893.

Mr. J. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours,

A. C. KAUFMAN,

President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs:

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,

Columbia, S. C. GEO. HOWE, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powerfully alternative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In Indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kindneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required. Respectfully,

Waterboro, S. C., April 10, 1892. J. Q. WILBUR, M. D.

Camden, S. C., Aug 24, 1893.

Mr. J. T. Harris:—Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris Springs Water" for the past eighteen months. This gentleman has been a sufferer for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles.

I am, yours respectfully, A. W. BURNET. M. D.

Chester S. C.

Dear Sir: For the past eight months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia. S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897.

Mr. J. T. Harris, Harris Springs, South Carolina:

Dear Sir: I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it. Respectfully,

JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896.

J. T. Harris, Esq., Harris Spring, South Carolina:

Dear Sir: I have been using Harris Lithia Water for sometime, and I will say to you that in my opinion that the Harris Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think it a most valuable remedy.

R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga, April 20. 1897.

Harris Lithia Water Co.,

Gentlemen:—I have used Harris Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minutes' time or money refunded, or if taken after each meal will cure the worst case of indigestion. You say what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

Yesterday he learned that the Postmaster he robbed was a poor man He called in an attorney, confessed the robbery and told him where the money was hidden.

It was discovered today in a woodpile near the post office. Kenny also said that he was about to be married but when his betrothed learned of his criminal career she forsook him. He said he had no use for the money, and wanted the Postmaster, who needed it to receive the stolen money.

Cologne, Nov. 15—A dispatch to the Cologne Gazette from Berlin says that the sailors and marines belonging to the German cruiser Division, off the coast of China, have made a landing in force at Kiaochan bay, the nearest port to Yen-Cru-Fu, in the southern part of the Chinese province of Shan-Tun, where the German missionaries were recently murdered, with the view of forcing the government of China to completely satisfy the demands of Germany.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and $1.00 per bottle at C. E. Holton's drug store.

Larkin Apple, from Gibsonville, got too full Saturday night, and was placed by some one in an empty car near the depot. When he awoke about 3 o'clock Sunday morning he was minus shoes, hat and money. He doesn't know who robbed him, or who the kind friend was who placed him in the car.

There are people in Greensboro who really do not know how the city is growing and the substantial improvements which are being made. Some time when you have time take a stroll around and see what has been done in the way of street improvements and the new residences recently erected and those now going up.

When passing Odell Hardware store take a look at the attractive show window to the left of the left hand entrance. It is a beauty and reflects credit on the artistic taste of the three salesmen who arranged it. While you are about it you might step inside the building and see the biggest hardware business in North Carolina.

Work has been begun on the new building on Gaston street between N. Elm and Davie being put up by John L. King. We learn that the house has been leased in advance for a term of years. Mr. N. L. Hanner is the contracter and he tells us that the building will be fitted with gas and water fixtures, bath room, etc. This is the way we do business here in Greensboro.

P. W. Easley & Co.'s entertainment, consisting of Thomas A. Edison's Phantascope scenes, and selections rendered by the latest improved graphophone, was given last night at the African Methodist church. The manager, Peter Easley, is from Winston, where the show has been given almost nightly for a month. The Winston Journal says the show is strictly moral and well worth seeing.

EVANGELIST LEE IN RALEIGH.

The Congregation Applauded His Attact on the Aldermen.

The Raleigh correspondent of the Charlotte Observer says: The other day, in one of his sermons, Rev. Mr. Lee, known as the "Irish evangelist," attacked Secretary Nichols, of the State Fair, for asking the aldermen to allow the saloons to be kept open at night during the fair. Nichols wrote him a letter in which he said he would not permit an "Irish tramp" to attack his character, and that he would hold him personally responsible for any further attacks. He also told the evangelist that he would be on hand yesterday afternoon at his service. Metropolitan Hall was packed, many of those present being moved of course by curiosity. Nichols was there. The evangelist read his letter and then said over and over again that he had not attacked and never would attack Nichols' private character; that Nichols had been Grand Master Mason and that he was a Master Mason. Nichols said today that the incident was closed. Evangelist Lee attacked the aldermen and said they were "worse than the liquor dealers." He leaves here tomorrow for Greensboro. It was rather odd to hear people applaud him quite lustily and also to see policemen on duty in the audience.

Prof. Bandy's Work.

Prof. J. M. Bandy the efficient civil engineer who has already done so much toward improving the public roads of Guilford county, is down in Freeman's Mill vicinity surveying a road down there. He says that a piece of road three miles long, very hilly and rough, will be shortened to about two miles and a quarter and that a good road and an easy grade will be obtained.

Hurrah for good roads! It is simply impossible to estimate the value of good roads. Just think of being able to haul twice as much a shorter distance with less wear and tear of wagons and with less injury to your team, and then you are getting in the neighborhood of the advantage good roads will give.

The Baptist Meeting.

A small but appreciative congregation heard Rev. Livingston Johnson preach last night from the text: Joshua 24th chapter and 15th verse, "Choose you this day whom ye will serve." The sermon was interesting and well received by his audience. Prayer was offered for an absent young man.

Mr. Johnson will preach again tonight. Song and praise service begins at 7:30. Public cordially invited.

The Home of Fashion.

Men of fashion find our stock replete with nobbiest importations. Clothes are the outward expression of your taste. "Costly thy habit as thy purse can buy, but not expressed in fancy; rich—not gaudy, for the apparel oft proclaims the man." The truth is always the strongest argument. Pleasing our patrons makes life pleasant for us.

A Good Combination:

WEAR	The looks of clothing may be a temporary availment, but if good service be not with them, they'll never please you.
FIT	A poor fitting garment, no matter how the material, should not be worn by an up-to-date dresser.
STYLE	A suit needs this to catch the eye and aid you in appearance.
PRICE	Uniting the foregoing elements in clothing to sell at prices to suit the times is just exactly what we are doing.

A Taste of Winter.

Soon you will need something heavier in the furnishing line. Remember that while summer was here we were looking after your wants. All you have to do is to come see how well we have provided for you. With us you will find everything up-to-date. Not yesterday, but today, tomorrow.

Liberality and fair dealing, good merchandise and moderate prices, have been the corner-stone of our success.
